www.smartskills4.com

CALL FOR APPLICATIONS FOR THE SELECTION OF STUDENTS

With an increasing interest of organisations in new trends such as workplace digitisations and intelligence skills for sustainable Business 4.0 creation, the partners invites students to apply for the intensive study programme (5 days face to face learning +2 days travel) aimed to enhance the readiness to resolve complex economic, environmental, and social development issues.

What Summer School is all about?

- Mutual learning experiences grounded on real-life examples and innovation with regard to forward thinking skills posed by new Business 4.0 trends.
- Experience sharing between five cultures (Romania, Italy, Slovenia, Lithuania, and Greece) and international environment nourished with good practice exchanges between students, teachers, and trainers from project partners.
- Covers main topics of technology development, innovation, and growth in digital economy.
- Thematic sessions and practical lessons with regard to
 - **Emerging technology and manufacturing 4.0, Industry 4.0 and complex social issues, Digital workplace and Business 4.0, Innovation and digital entrepreneurship, Social innovation and Business 4.0.**
- Digital learning experience to stimulate innovative pedagogical practices for knowledge exchange and intelligence skills development

What are the benefits for participants (students)?

- Improve the capacity to think across boundaries of disciplines, making connections and understanding how Businesses 4.0 are initiated and developed.
- Develop digital and English skills, gaining different learning perspectives on Business 4.0 creation.
- Increase awareness on multicultural views on digitisation and Industry 4.0 challenges
- Earned Participation Certificates from Erasmus+ project **SMART Skills 4.0**.

Project Title: **Transnational cooperation initiative fostering developing forward thinking skills of students, teachers and workforce in sustainability-relevant sectors posed by Business 4.0 trends through innovation in Business& Engineering education and training, " SMART skills 4.0"**
